

CENTER FOR APPLIED NURSERY RESEARCH
2008 CONIFER CONFERENCE
May 22-25, 2008

Sponsorship Information

The Center for Applied Nursery Research is hosting another topical meeting – this time on conifers! The conference will take place in Watkinsville, GA at the Oconee County Civic Center on Friday & Saturday, May 23–24, 2008. A pre-tour of Piccadilly Farms, located in Bishop, GA as well as the State Botanical Gardens in Athens, GA will take place on Thursday, May 22, 2008. The pre-tour will end with a reception in the Conservatory at the Botanical Gardens. A post-tour of Cox Arboretum, Canton, GA, and the Smith-Gilbert Arboretum, Kennesaw, GA will be held on Sunday, May 25, 2008. The conference will offer nationally known speakers, live & silent plant auctions, vendor displays, book signings, and great meals catered by Trumps, Athens, GA. We’ll even have live music by Plan B during the Thursday evening reception. Proceeds from the plant auction & sale will be used to fund future research grants.

This event will bring together an array of people representing many different facets of our industry including nurserymen, landscapers, retailers, avid gardeners and professionals from all over the country.

Please consider being a sponsor for this event. Sponsorship will be acknowledged in pre-event literature as well as through signage at the meeting, CANR’s website and recognition afterwards via the GGIA Journal. We will also include your company’s promo material in registration packets that will be mailed to registrants.
